Robert David Andrews Releases *The Resurrection Directive: The Adoption of the Inward Parts* as a Permanent Public Record Under CC BY-ND 4.0

A Covenantal Theological and Clinical Document Sealed on Resurrection Sunday, April 5, 2026, Is Now Freely Available to Every Person, Institution, and Household of Faith in the World

MINNEAPOLIS, MN — Robert David Andrews (Rocky JM), Son of the Living God, servant of the First House of the Andrews/Sporrong Lineage, announces the formal public release of *The Resurrection Directive: The Adoption of the Inward Parts* — a covenantal spiritual directive sealed on Resurrection Sunday, April 5, 2026, and now permanently archived for unrestricted public access.

The document is released under the **Creative Commons Attribution — No Derivatives 4.0 International (CC BY-ND 4.0)** license. It is freely available to every person, pastor, clinician, family, and household of faith on earth. No permission is required to receive it, share it, or distribute it. The only requirement is that it be shared exactly as it was written — unaltered, unabridged, and with full attribution to its author.

About the Document

The Resurrection Directive is a 16-page covenantal letter addressed to the Andrews/Sporrong Lineage, the Cloud of Witnesses seen and unseen, and every household of faith willing to receive it. It is simultaneously a theological declaration, a clinical framework, and a covenantal legal instrument.

The document draws from three converging frameworks that, taken together, constitute what Andrews describes as a new standard of care for the inward parts of every member of this lineage — and by extension, every family willing to apply its directive.

The first framework is **Biblical Theology**, drawing from the Ethiopian Tewahedo Canon (81 Books), the NIV Protestant Canon (1984 Edition), the Masoretic Text (BHS), and the Greek New Testament (NA28 and Textus Receptus). Scripture is cited in its original languages — Ge'ez (Ethiopic), Greek Koiné, and Biblical Hebrew — with full source verification. Every citation was independently audited against primary sources prior to sealing.

The second framework is **Clinical Psychology**, specifically Internal Family Systems (IFS) therapy — an evidence-based practice officially recognized by the United States Substance Abuse and Mental Health Services Administration (SAMHSA/NREPP). The document demonstrates that the IFS model of Exiles,

Managers, and Firefighters is the clinical translation of the Biblical “inward parts” described in Psalm 51:6 and Ephesians 3:16–17. Andrews brings direct clinical authority to this synthesis, holding a Master of Science in Co-Occurring Disorders in Recovery Counseling from Metropolitan State University, a Bachelor of Science in Recovery Counseling, and an Associate degree in Addiction Studies from Minneapolis Community & Technical College.

The third framework is **Covenantal Law**, establishing the Law of Love as defined in Romans 13:10 as the supreme legal standard governing all spiritual and relational acts within this lineage. The document formally forgives all acts of harm done in faithfulness to an incomplete theological map, and seals the lineage under the Blood of Jesus Christ.

Integrity and Tamper-Evidence

The document was sealed with a cryptographic SHA-256 hash on April 5, 2026, and independently timestamped via Google UTC at `Mon, 06 Apr 2026 02:27:01 GMT`, with an RFC 3161 timestamp receipt held by the author. The original hash of the primary document is:

`0aaaf97261932b1f94027c3f4af3298730f7ec56ab1846a017b40e338e42aa4c`

Any version of this document that does not produce this exact hash when verified is not the original. The CC BY-ND 4.0 license reinforces this protection at the legal level: no derivative versions, modifications, or alterations of any kind are permitted. The document that reaches the reader is the document that was sealed — word for word, scripture for scripture, seal for seal.

The archive has been deposited with the Internet Archive (`archive.org`) and is additionally preserved through decentralized IPFS storage and the Zenodo academic repository hosted by CERN, ensuring that no single authority — institutional, governmental, or otherwise — can remove it from public access.

A Word from the Author

> *“This work belongs to the Lord, and therefore to the people. It was written in a season of fire, under the protection of Yeshua HaMashiach, and sealed on the day He rose. I release it freely because that is the only way it was ever meant to travel — openly, fully, and without a gate. The integrity of the document is protected not because I am guarding it, but because the seal was never mine to begin with. It belongs to Him. Take it. Share it. Give it to your household. That is the directive.”*
